Personal

From April 2007 till June 2010, I worked as a PhD student at the Embedded Software Laboratory at RWTH Aachen University. My research interest focused on the design patterns for safety-critical embedded systems and the representation of the non-functional requirements.

Education

- 2007–2010: [RWTH Aachen University](#), Aachen/Germany. PhD.
- 2001–2003: [University of Jordan](#), Amman/Jordan. Master in Computer Science.
- 1995–2000: [An-Najah National University](#), Nablus/West Bank. Bachelor in Electrical Engineering/Minor in Computer Engineering.
