Patrick Scheffe receives the Young Research Award 2023 from ITSS Germany

We congratulate our employee [Patrick Scheffe, M.Sc. RWTH](#) for winning the Young Research Award 2023 of the Intelligent Transportation Systems Society (ITSS) Germany Chapter in the category PhD students. The award was given to [Patrick Scheffe, M.Sc. RWTH](#) for his work in the Cyber-Physical-Mobility Lab ([CPM Lab](#)), especially for the paper: P. Scheffe and B. Alrifaae, "A Scaled Experiment Platform to Study Interactions Between Humans and CAVs," 2023 IEEE Intelligent Vehicles Symposium (IV), Anchorage, AK, USA, 2023, pp. 1-6, doi: [10.1109/IV55152.2023.10186623](https://doi.org/10.1109/IV55152.2023.10186623).

Erik Behrens Successfully Completed his Training

Erik Behrens (left) with his instructor Andreas Derks.

Mr. Erik Behrens successfully completed his training as an Electronics Technician for Devices and Systems on May 31, 2023, passing the practical examination. Along with all the other successful trainees at RWTH Aachen University, he received his certificate on June 28. We extend our heartfelt congratulations to him for achieving an excellent final grade and wish him all the best for his future career and life journey.

Lousberglauf 2023

Every year in the summer, many female and male runners ascend and descend the Lousberg. As traditional as the Lousberglauf itself, the participation of our department's team has become a regular occurrence, as they once again embarked on the journey in support of the i11Freunde e.V. charity. The Computer Science 11 department congratulates all the runners!
